# FAIRY TALE WEDDINGS

## - Refined -

In 1996, after a careful restoration aimed at preserving the original shapes, layouts and building materials, the family transformed the old “masseria” and tower into a 5-star deluxe resort. Surrounded by 60 hectares of ancient olive trees and orchards, with the watchtower still guarding the blue sea, the layouts still reflecting the requirements of the agricultural activities and the outdoor areas nestled into an enchanted natural set. The square, the terrace next to the tower, the lawn overlooking one of the open-air swimming pools, the olive grove embracing the other astonishing one: all of this is the perfect set for your big event, where frame tent pavilions can also be set up for a most comfortable experience. We believe that this silver lining across the centuries and its symbolic value can breathe and glare underneath your special wedding day. It's an indiscernible yet palpable halo: it runs in the sheer beauty of Masseria and in the glory of nature around it. Is only 500 metres from the coast and offers a cozy, simple intimacy with first class facilities, such as a magnificent outdoor free-form

swimming pool, a state-of-the-art Thalassotherapy Spa, a lovely beach, two tennis courts, a modern gym and a challenging 18-hole golf course.
